

## Uncompensated Care Program (Plain Language Summary)

Tri-County Health Care (TCHC) has elected to provide a reasonable amount of services without charge or at a discount to eligible persons, excluding non-medically necessary/elective services. Covered services include clinic, inpatient and outpatient services routinely provided by Tri-County Health Care's hospital and clinics: Bertha, Sebeka, Henning, Ottertail, Verndale, Wadena, rehabilitation clinics, mental health and Tri-County Hospital. No patient is refused emergency care or is discouraged from using Emergency Medical Services, regardless of ability to pay. Eligibility is determined by comparing family income and assets to guidelines established by the TCHC Governing Board and administered by the TCHC Uncompensated Care Committee. *However, assets are not considered for assistance on clinic balances.* **WE MUST RECEIVE PROPER PROOF IN ORDER TO PROCESS THIS APPLICATION.**

Tri-County Health Care limits the amounts charged to eligible patients to the amounts generally billed to Medicare. TCHC determines amounts generally billed using the prospective method by calculating the expected amount that would be paid by Medicare Parts A & B. Eligible patients will receive 100% forgiveness of their self-pay balances billed by TCHC if both income and asset requirements are met.

### **YOU MAY RECEIVE UNCOMPENSATED SERVICES IF YOU MEET ALL OF THE FOLLOWING REQUIREMENTS:**

- **Apply for or currently have Medical Assistance.** If you refuse to apply, your application for uncompensated care may be denied. If you are denied Medical Assistance or Minnesota Care but meet our guidelines you may still be considered for approval in our program.
- Have net assets that are not more than the Asset Limits established by TCHC: \$10,000 for single and \$25,000 for family. *\*Applies to hospital balances only.*
- Have income that is not more than the Income Guidelines established by TCHC: 200% of FPG.
- Transfer any medical insurance benefits that apply to the services provided.
- Have extenuating circumstances which document that your situation is consistent with the intent of the TCHC Uncompensated Care Program.

\*Patients may qualify for a one-time forgiveness of TCHC balances regardless of income and assets if their total medical debt is 100% or greater of their household income.

Tri-County Health Care will always accept Uncompensated Care applications for balances related to dates of service no older than 240 days since the first statement date. TCHC may accept applications for balances older than 240 days, but forgiveness for those balances will only be applied to unpaid balances.

TCHC's complete Uncompensated Care Policy and a copy of the application is available at our website at [www.TCHC.org](http://www.TCHC.org) or URL: <http://www.tchc.org/patients-and-visitors/billing-and-financial-information>. For assistance completing applications or for paper copies of the Uncompensated Care Policy, application or Plain Language Summary please call or visit the Patient Resources Department at the contact information listed below. **Please return completed and signed applications within 30 days to:**
